Power Adjustable Remote Control Mobile Phone Jammer + 60 Meters
2019/06/17

Product Details Product Description Cell phone jammer is playing an increasingly important role today in various areas such as individual privacy protection, municipal hall security, prison management, and so on. Different occasions would certainly require different jamming capability. This power adjustable remote control mobile phone jammer 60 meter is a sophisticated high performance mobile phone signal blocker. This jammer can be optionally used for wide network frequency bands including CDMA, GSM, DCS, 3G, with shielding range up to 60m, depending on the signal strength given at the area. It can effectively disable cell phones within the scope without disturbing other band's operation. More importantly, this adjustable mobile phone jammer is flexible to use since users can effortlessly adjust the power accordingly to suit your needs. In case that you don't want to interfere with other buildings operating the jammer, simply adjust the power to do that. The unit will also come with a remote control to allow for remotely operating the jamming device. This mobile jammer is as well great jamming device for conference rooms, museums, galleries, factories, banks, hospitals and etc. It will take little times to get the unit installed and started but be able to work continuously for a long time. Specifications
